## Curated list of medicinal fungi

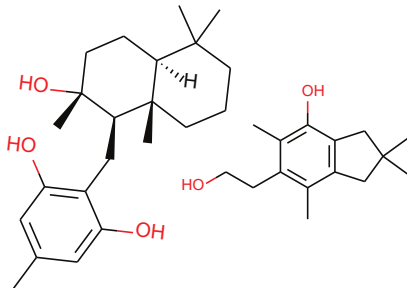

Other databases

Medicinal fungi -  
Secondary metabolite  
association

Medicinal fungi -  
Therapeutic use  
association

Secondary metabolites

## Therapeutic uses

MeSH identifier,  
Disease ontology  
identifier and ICD-9  
classification

### Cheminformatics

Physicochemical properties  
Drug-likeness properties  
ADMET properties  
Molecular descriptors  
Chemical classification

### Structure information

2D & 3D chemical structures  
SMILES  
InChI and InChIKey

Predicted human target  
proteins
